PROFESSIONAL HISTORY

ONPASSIVE, Hyderabad, India   Jul 2022 - Present
UI Developer

- Strong knowledge of various technologies, including HTML5, CSS3, JavaScript, Bootstrap, WordPress, and PHP. Responsible for updating the website with the latest UI and UX enhancements.
- Created multiple responsive websites for mobile and desktop devices using HTML and CSS, as well as third-party libraries such as Bootstrap and jQuery.
- Developed and tested interfaces, page layouts, and optimized graphics, images, and motion graphics while ensuring compliance with cross-browser compatibility and Web Standards guidelines.
- Understand UI, cross-browser compatibility, and general web functions and standards. Implement on-page SEO best practices to enhance the company's website visibility, search engine rankings, and organic traffic.
- Implemented and tested application functionality to ensure successful operations across all platforms.
- Collaborate with cross-functional teams, including designers, developers, and content creators, to ensure seamless integration of web development efforts with overall company objectives.
- Optimized page elements to reduce loading time and debugged code to ensure cross-browser usability.
- Built and tested application functionality to ensure a desirable user experience across all platforms.
- Translated complex design requirements into interactive user experiences to promote customer engagement and drive web traffic.

SVL Digital Solution, Hyderabad, India   **Sept 2021 - Jul 2022**
CMS Developer

- Designed and developed websites using WordPress, demonstrating a solid understanding of website architecture and aesthetics.
- Planned, designed, implemented, and maintained new features and functionalities.
- Established and guided website architecture to align with client needs, industry standards, and budget.
- Experience working with debugging tools such as Chrome Inspector and Firebug. Meeting with clients to discuss website design and function.
- Designed and structured websites and web pages, converting PSD templates into WordPress.
- Utilized various WordPress editors such as WPBakery, Elementor, Visual Editor, Divi, Classic Editor, and Muffin Builder.

Vinn Digital Solution, Hyderabad, India   **Mar 2020 - Jul 2021**
WordPress Developer

- Applied responsive web design techniques to optimize websites for different devices and browsers.
- Assisted in all project development stages, including organization, design, implementation, maintenance, and analysis. Prepared and maintained transferable code, ensuring performance tests, quality-control tests, and reusable codes are well managed for easy transferability.
- Demonstrated a passion for best design and coding practices with a desire to develop innovative ideas. Responsible for developing, designing, fixing errors, creating user-friendly websites, and testing.
- Keep up-to-date with the latest trends, technologies, and best practices in WordPress development, web design, and SEO to continuously enhance the company's online presence.
