## EXPERIENCE

With over 11 years of expertise in the beauty industry, the three diverse countries in which I have worked - **India, Italy and Dubai** have all provided me with a unique perspective on business. I possess a profound understanding of makeup artistry, having honed my skills through extensive work in film, television, editorial, and bridal sectors. My journey began with rigorous training at renowned institutions, followed by assistant roles alongside industry legends. As I progressed, I developed a distinctive style that blends creativity with technical precision, earning me a loyal client base and recognition from top brands. Throughout my career, I've had the privilege of working with A-list celebrities, supermodels, and influential figures. My specialization in prosthetic artistry, coupled with my knowledge of silicone, foam latex, and gelatin applications, enables me to create realistic and durable designs. With a keen eye for detail and a passion for innovation, I continue to push the boundaries of makeup artistry, staying abreast of trends and technologies to deliver exceptional results.
